Overview

Senior Designer with 8+ years of experience across B2C and B2B, from sole designer at early stage startups to leading UX project for a company-wide brand refresh reaching 6M+ monthly visitors. I design and prototype AI-powered features and bring AI tools into my daily work.

Experience

Senior Product Designer

JobCloud (Job Portal, B2C) | June 2023 – Present | Zurich, Switzerland

- UX Project Lead for a year-long, company-wide brand refresh across jobs.ch and jobup.ch (**6M+ monthly visitors**), translating new brand strategy into cohesive web and mobile experiences across Brand, Engineering and Product. Shipped with 0% traffic loss and 72% of surveyed users rating the new design as standing out from competitors.
- Set UX direction and delivery model for the rebrand, structuring work and delegating to 4 designers to hold quality and momentum over the year-long initiative.
- Redesigned company profile pages **impacting 80k+ companies** to lift job-seeker insight and conversion: applications up 5% against a 3% target, time on page doubled.
- Co-lead of the design system with engineering, scaling adoption across web and mobile to cut design/dev work and increase consistency.

Product Designer

Levuro (Social Media Publishing tool) | 2021- 2023 | Zurich, Switzerland

- Sole designer in start up; shipped a livestream-editing tool in under **3 months**, used at FIFAe and across **16+ countries**, in tight partnership with engineering.
- Redesigned the Instagram-connection flow, the product's top failure point: raised successful connections from 30% to **50%+**, cut related support tickets by **50%**.
- Built Levuro's design system in Figma (components, guidelines) to scale delivery across web, mobile and native.

Product Classification Analyst

For **Google Shopping** via HCL Technologies | 2015 - 2016 | Pittsburgh, US

Classified and optimized product data for Google Shopping to improve search accuracy and user experience.

UX/UI Designer

Marinus Analytics (Startup providing AI-powered investigative tools for law enforcement) | 2014 - 2015 | Pittsburgh, US

Designed dashboards that visualized patterns of activity, helping law enforcement detect suspicious behavior and uncover hidden networks.

UX/UI Designer

Bubble-Diving (Startup e-commerce) | 2010 - 2014 | Grenoble, France

Operated as the first and sole designer, managing the full design process from concept to implementation.

Education

Bachelor's Degree in Web Design: Supcr a Design School, France (2008 - 2011)

Bachelor's degree in economics and management: Faculty of Economics of Grenoble, France (2017 - 2020)

Languages

French (native), **English** (fluent), **German** (intermediate)
